## Active Shooter Policy

This procedure is intended to provide guidance to staff and patrons in the event an individual is actively shooting person(s) in Rawlins Municipal Library or in the surrounding areas. This procedure will cover the steps to follow in the event that a shooting does occur, what to do when law enforcement arrives, and after the situation has ended.

### Definition

An active shooter is an individual actively engaged in killing or attempting to kill people in a confined and populated area. In most cases, active shooters use firearm(s) and have no pattern or method to their selection of victims, which creates an unpredictable and quickly evolving situation that can result in loss of life and injury. Other active shooter attack methods may also include bladed weapons, vehicles, and improvised explosive devices. While law enforcement is usually required to end an active shooter situation, individuals can take steps to prepare mentally and physically for the possibility of this type of event occurring in order to save lives.

### What to do in the event of an active shooter

Active shooter situations create an unpredictable and rapidly evolving situation. Due to the nature of the situation the following steps are in place to help mitigate casualties and injuries. The steps are as follows **“RUN,” “HIDE,”** and **“FIGHT”**.

- **STEP 1 RUN**
  - Evacuate if possible. Have an escape route in mind. Look for emergency exits.
  - Move away from the sound of the armed person(s).
  - Leave your belongings behind.
  - If possible take others with you but do not stay if they are refusing to evacuate.
  - Do not attempt to move injured people.
  - When safe call 911 and silence your cell phone. Please refer to the *Text-to-911* Fact Sheet attached to this policy. Staff and patrons are able to text 911 as well.
- **STEP 2 HIDE**
  - If evacuation is not possible stay out of sight and hide.
  - Stay calm.
  - Find a location that will camouflage your location.
  - Put objects between you and the shooter.
  - If able, apply first aid to wounded victims.
  - Stay silent and silent cell phones.
  - If possible call 911. If you cannot speak, leave the phone line open and let the dispatcher listen. Staff and patrons can also text 911.
  - Prepare mentally and physically for the possibility that you might have to fight.
- **STEP 3 FIGHT**
  - This is the last resort and should only be done if there are no other options.
  - Be as aggressive as possible.
  - Yell and make loud noises.
  - Throw whatever items you can find to use as weapons.
  - Attempt to disrupt and/or incapacitate the shooter.

- This is your final line of defense. Do not give the shooter time to react. When the shooter is at close range, and you cannot flee, your chance of survival is much greater if you try to incapacitate them.

### **When Police Arrive**

Police will respond in a rapid manner. However, when officers first arrive on scene they will be moving towards where the shots were last heard as their purpose is to stop the shooters as quickly as possible.

- Run towards the location law enforcement are arriving from.
- Do not grab onto police offers or ask questions.
- Stay in view of the police.
- Keep both hands raised above your heads and palms open.
- Listen to the instructions given by the police.
- If you're hiding and someone knocks on the door do not open it. Stay silent. The officers will identify themselves, making sure the area is safe. Do not exit until told to do so by the police.
- If you're hiding, inform the police how many are in the room with you.
- When you exit the room, put your hands above your head.

### **Follow Up**

Should an active shooter event happen at Rawlins Municipal Library; the Library Director will work with the Pierre Police Department on follow up with the appropriate authorities. Rawlins Municipal Library will follow the recommendations provided by the Pierre Police Department.

### **Training**

The Library Director will work with the Pierre Police Department to host active shooter trainings for the staff and trustees every three years. All new staff will be trained on the location of the panic buttons and on how to text 911.

*Approved by the Rawlins Municipal Library Board of Trustees March 27, 2023*

## **CALL** if you can, **TEXT** if you can't

### **About Text-to-9-1-1**

- Text-to-9-1-1 is available in South Dakota as of March, 2021.
- Text-to-9-1-1 provides direct service for individuals who are deaf, hard of hearing, or those with a speech disability. Texting can also be used by individuals who lost the ability to speak following a medical crisis.
- Text-to-9-1-1 should only be used when a person can't safely make a voice call, such as an active shooter, domestic violence, home invasion, and human trafficking.

### **How to Text 9-1-1**

1. Enter the numbers 9-1-1 in the "To" field.
2. Text your exact location and type of emergency.
3. Send the message.
4. Be prepared to answer questions promptly and follow instructions.

### **Texting Do's and Don'ts**

- Use simple words; do not use abbreviations, pictures, text slang or jargon, emojis or group texts including 9-1-1.
- Once you have initiated a Text-to-9-1-1 conversation, do not delete the conversation or turn your phone off until you have been instructed to do so.
- Texting 9-1-1 with a false report is a crime, as is sending a "test" text. If you accidentally send a text to 9-1-1, send another text or call 9-1-1 to let the dispatcher know that there is no emergency.
- Do NOT text and drive!

### **Text-to-9-1-1 Facts**

- Emergency response may be lengthened due to the time it takes for a text to 9-1-1 to be typed and sent. Text-to-9-1-1 messages are subject to the same service speeds and/or delays depending on network strength in your area.
- Location is not as accurate with text as it is with a call. Be sure to text your exact address or location.
- At this time, 9-1-1 call centers are not equipped to accept photos or videos attached to a text-message.
- A text or data plan is required in order to use Text-to-9-1-1.
- If you attempt to send a text to 9-1-1 where that service is not currently available or your phone is in "roaming" status, you should receive a "bounce-back" message informing you that the service is unavailable.
- There is no language translation service for texts to 9-1-1.
- Texts to 9-1-1 have a 160-character limit, can get out of order, or may not be received.

## Circulation Policy

### Overview

There is a large investment of taxpayer dollars in the library collection. Regulations are established to provide patrons with the opportunities to use the materials while ensuring that library materials are kept in good condition for everyone to use.

### Registration

Residents of the City Pierre, the City of Fort Pierre, Hughes County, and Stanley County are eligible to receive a library card at no charge. Patrons residing outside of these areas are welcome to purchase a membership for an annual fee of \$15.

Juvenile accounts (under the age of 18) can get a library card if they are linked to a parent/guardian. A parent or guardian will need to apply for a library card on behalf of the minor child. While applying for a library card, the parent or guardian will need to sign the library card application stating that they accept full responsibility for what the child accesses in or checks out from the library, including physical materials and online materials. Parents or guardians are financially responsible for any lost or damaged items on a minor's account.

Proof of residency and a government issued photo ID are required for all library patrons to obtain a library card. Proof of residency items include:

- A piece of cancelled mail
- Bank statement
- Homeowner's or renter's insurance policy
- Mortgage statement
- Pay stub
- Phone bill
- Rent receipt or lease
- Tax document
- Utility bill
- Vehicle registration

Proof of photo ID items include:

- Driver's license issued within the United States including U.S. Territories
- Non-driver's photo ID issued within the United States including U.S. Territories
- U.S. passport
- U.S. military ID
- Tribal ID

Patron information will be verified at each check out. City of Pierre, City of Fort Pierre, Hughes County, and Stanley County library cards are valid for two years. Paid patron cards are valid only for one year to collect the annual \$15 fee. Patron's card must be free of any fines and have no overdue materials listed on their account to check out materials. There will be no fee for replacement cards. However, after three replacement cards, library staff will offer patrons the option to keep their library card at the desk.

### **Circulation Limit**

There will be a limit of 20 total items that can be checked out per library card. Family library cards can have a total of 50 items that can be checked out at one time. Family cards are defined as those library cards that include multiple residents of one household using the same library card.

### **DVDs**

DVDs are intended for home use only. They may not be shown at public meetings and viewers may not be charged a fee for viewing. Nursing homes and assisted living facilities are considered to be home use and group viewing is allowed in such cases. MPAA ratings are voluntary ratings applied by the motion picture industry to guide people in their selection of appropriate entertainment. Patrons 17 and under are restricted from checking out R rated movies. Photo ID or proof of birthdate in Apollo will be required to prove age for checking out R rated movies.

### **Historical Collection**

Because of the historical value of the collection and the fact that much of the material is irreplaceable, the material housed in the Glass Case of the South Dakota Room can only be used within the library.

### **Holds**

Rawlins Municipal Library will permit a patron to reserve a book that is on loan to another patron. The request may be made by phone, in person, or through the library's email or automated OPAC. Patrons will be notified through their preferred method of contact (text message, email, or phone) when the reserved materials become available. Materials will be held for one week. If the item is not picked up within that time frame, the reserved material will be loaned to the next patron on the list or returned to the shelf, whichever is applicable.

### **Lost or Damaged Materials**

In general, normal wear and tear of materials is expected. All materials will be inspected by library staff upon check in to assure they are in good condition before placing them back on the shelves. Rawlins Municipal Library will assess a \$5 fee per item that is damaged.

Items are considered lost after sixty days overdue. Rawlins Municipal Library will assess a \$5 fee for items not returned after sixty days. Lost or damaged fees must be paid before the patron, or any responsible juvenile(s), can check materials out. In the case of a family card, all fees must be paid before the remainder of the family members can check out. Unpaid lost or damage fees will result in the loss of electronic resources, including the Libby app, until the fees are paid.

### **Teacher Cards**

Rawlins Municipal Library will offer free library cards to all public and private school teachers in the Pierre and Fort Pierre area. This policy does not apply to charter schools or homeschools. Teachers may stop in to get a teacher card or they may email [rawlinslibrary@ci.pierre.sd.us](mailto:rawlinslibrary@ci.pierre.sd.us) to request a teacher card.

Teacher cards are not required to provide the above listed forms of ID. The only verification required for a teacher card will be the school email address or school issued teacher ID. Teachers can request cards in person and present a teacher ID to receive a library card. Teachers can also request a library card through email by emailing [rawlinslibrary@ci.pierre.sd.us](mailto:rawlinslibrary@ci.pierre.sd.us). Emails received from school email accounts (@k12.sd.us) will qualify as teacher verification. Library accounts will be created for each teacher and a username and password will be provided to the teacher along with a link to the card catalog. No physical card will be issued.

Each teacher is allowed to reserve up to ten books online per day. Rawlins Municipal Library will be offering free book delivery to schools in Pierre on Monday, Wednesday, and Fridays. Teachers will need to have the materials reserved online by 9 AM on Monday, Wednesdays, and Fridays to be delivered between 12:30 PM and 2:30 PM that same day. There will not be any Tuesday or Thursday deliveries. In Fort Pierre, a pick service will be offered. Teachers will need to have the materials reserved online by 9 AM on Tuesdays and Thursdays to have items ready for pick up between 12:30 PM and 5:30 PM that same day. There will not be any Monday, Wednesday, or Friday pickup service at the library. Rawlins Municipal Library is not available to deliver items to Fort Pierre.

If teachers wish to stop into the library and pick out materials themselves using the teacher account, they are welcome to do so. When checking out, teachers need to simply inform the staff at the desk that they're a teacher and provide the staff with their name and school's name. The staff will look up the teacher's information.

Teacher cards are for professional use only and not for personal use. Teacher library cards will be valid for only one year. Contact information will be reviewed again before the start of each school year and the cards can be renewed at that time. Should any damages occur, or items turn up as lost, the school will be responsible for those costs. If any one teacher becomes chronically overdue with library materials, borrowing privileges for that individual teacher will be revoked.

#### **Restrictions on Borrowing Items**

Patron's privilege to borrow materials may be suspended under the following circumstances:

1. Overdue items
2. Charges on patron's accounts for lost or damaged materials
3. Expired cards
4. Disruptive behaviour that resulted in suspension of internet privileges and/or library use following the Patron Code of Conduct Policy.

Collection management embraces the principles of intellectual freedom, the right to read, and equal access for all people. Rawlins Municipal Library strives to include a variety of viewpoints across a broad spectrum of opinions on multiple subject matters to be made available in numerous formats. Using selection practices that are flexible and responsive to the changing needs of the community, Rawlins Municipal Library builds and maintains collections for the public.

### Purpose of the Policy

This policy provides guidance for effective management of all aspects of the library's collection. The policy establishes guidelines for acquisitions and management of information and services. The key takeaways are:

- To serve as a guideline for library staff in the selection and management of materials.
- To provide a policy to the public when asked what the standards are for purchasing materials.

### Authority

Rawlins Municipal Library follows federal, state, and local laws when selecting materials for the collection. The ultimate authority of the Collection Development Policy lies with the Rawlins Municipal Library Board of Trustees and the Library Director. The Library Director can delegate to other qualified staff the authority to interpret and guide the application of the policy in making day-to-day purchasing and acquisition decisions. Unusual issues that arise in acquisitions should first be referred to the Library Director and then to the Board of Trustees.

As part of the Collection Development Policy, Rawlins Municipal Library refers to the American Library Association and adopts the Library Bill of Rights, the Freedom to Read Statement, and the Freedom to View Statement as published by the American Library Association.

Library Bill of Rights: <https://www.ala.org/advocacy/intfreedom/librarybill>

Freedom to Read: <https://www.ala.org/advocacy/intfreedom/freedomreadstatement>

Freedom to View: <https://www.ala.org/advocacy/intfreedom/freedomviewstatement>

### **Scope of the Rawlins Municipal Library Collection**

The scope of the collection at Rawlins Municipal Library is varied to address a diverse socio-economic population, educational attainment, and varied interests. The library collection will maintain materials on many topics and viewpoints that will be diverse in language and reading level.

Rawlins Municipal Library acknowledges a particular interest in local and state history. The collection will include works by South Dakota authors and materials on South Dakota. Materials that are of historical or archival value will be housed in a special collection in the South Dakota Room. However, Rawlins Municipal Library is not obligated to add every South Dakota author or publication about South Dakota to the collection.

### **Selection of Materials**

Patron demand and interest is the main driving force in the selection of materials and formats offered. Any Rawlins Municipal Library patron may request library material to be added to the collection at any time. However, Rawlins Municipal Library cannot guarantee the availability of all requests. Materials are also selected to ensure that the collection contains materials on many different topics, provides a choice of materials, and assures that multiple viewpoints are expressed.

Library staff use a set of criteria to guide selection decisions. It should be noted that not every criterion needs to be used for each acquisition purchase. Annually the Library Director will review the collection with the Rawlins Municipal Library Board of Trustees.

Kirkus Reviews will be the official library review tool used when evaluating book reviews. <https://www.kirkusreviews.com/magazine/current/> Other review tools used include Booklist, School Library Journal, Library Journal, New York Times Book Review, Publisher's Weekly

### **Weeding Criteria**

According to South Dakota Codified Law 14-2-49, “Any public library may discard over-duplicated, outdated, inappropriate, or worn library materials; provide, that such materials shall be marked clearly with the words: “Discarded, \_\_\_\_\_public library” wherever the property label of such library appears. Such discarded materials may be given to other libraries or to nonprofit agencies, destroyed, offered for public sale, or traded to a vendor for future library material purchasing credits.”

Materials will be Weeded Based Upon the Following

- If the material has not circulated in the last five years
- Outdated materials that are no longer accurate, current, or relevant
- Unused duplicate copies
- Wear and tear

### **Patrons Reserve the Right to Express Concern About Library Materials**

Widely diverse points of view will be available in the library collection. Rawlins Municipal Library recognizes that some materials or content may be considered controversial or offensive. Inclusion in the collection does not imply library approval or agreement with the contents. The role of Rawlins Municipal Library is to provide materials which allow individuals the freedom to examine subjects and make their own decisions. Patrons are free to reject specific materials in the collection for themselves, but individual patrons may not restrict the freedom of access to materials for other patrons.

With respect to the use of library materials by minors under the age of 18, the decision as to what a minor may read whether in the library or online is the responsibility of the parent or guardian. Parents or guardians are responsible for the materials their children access while in the library or check out from the library. Selection will not be inhibited by the possibility that materials may inadvertently come into the possession of minors.

Rawlins Municipal Library patrons have the right to question any resource in the Rawlins Municipal Library collection. The library is open to hearing expressions of concern patrons may have about an item in the collection. Such concerns will be dealt with in a prompt, courteous, and professional manner. Requests for reconsideration will be heard from library patrons with an active library card residing in the City of Pierre, City of Fort Pierre, Hughes County, or Stanley County. Only one request for consideration can be submitted at a time. Should a patron, present a concern about a material to library staff, the procedure will be as follows:

- Step 1. Staff will listen to the patron’s concern, without interjecting commentary, and seek to understand the concern that is being brought forward regarding an item.
- Step 2. Staff will inform the patron that the library has a Collection Development Policy and offer a copy of the policy to the patron.
- Step 3. Staff will inform the patron that the library has a process known as a Citizen’s Request for Reconsideration. All requests to reconsider materials must be made in writing on the Citizen’s Request for Reconsideration form. Written and signed forms are sent to the Library Director.
- Step 4. A response will be provided to the patron within 10 business days of the receipt of the complaint.
- Please see Appendix B for a copy of the Citizen’s Request for Reconsideration Form.

## Computer and Internet Policy

Rawlins Municipal Library provides free access to the Internet as a tool for patrons. Rawlins Municipal Library respects the need for patrons to use information resources from the Internet to meet the needs of the user. However, Rawlins Municipal Library does not endorse individual websites that patrons may choose to use. As with all Rawlins Municipal Library materials, programs, and services, the responsibility for what minors read or view on the Internet rests with a parent or legal guardian.

Some Internet sites, databases and resources may require passwords, patron identification, or some type of pin to access the website. Users should exercise caution and follow safety measures when interacting with stranger's online or unknown websites. In particular, parents should use caution with minor children about sharing personal information on the Internet.

Rawlins Municipal Library makes every effort to provide a stable and effective Internet connection for all patrons. However, Internet resources may be unavailable due to network or service issues beyond the control of the library.

Within reason, library staff are available to assist patrons needing technical assistance. For more in depth questions, patrons are able to reserve a time for one-on-one technological help sessions with a librarian. Rawlins Library staff reserves the right to refuse technological assistance if staff do not have the resources available to assist patrons.

### **FILTERING**

Rawlins Municipal Library participates in CIPA filtering and follows a CIPA filtering policy (see attached). With that stated, the library utilizes filtering software on all public access computers and devices using the library's Wi-Fi network.

### **WHAT HAS TO BE FILTERED UNDER THE CIPA ACT?**

The law requires that a filter protect against access to material that is:

- Obscene
- Child Pornography
- Harmful to Minors

### **WHAT OTHER WEBSITES DOES RAWLINS LIBRARY FILTER?**

Internet sites which pose a threat to the library's networks or computers are blocked, including:

- Malware
- Malicious Software and Actions
- Phishing
- Spyware

## **HOW TO REQUEST A SITE TO BE UNBLOCKED**

Though designed to block access to sexually explicit material, in rare instances, the filtering software may block access to sites providing valid information on topics such as breast cancer or AIDS. Rawlins Municipal Library works with a third party company, Golden West, to manage the CIPA filter. If an adult patron wishes to unblock a site that is blocked, please stop at the desk, and ask for the site to be unblocked. There are procedures from the City of Pierre IT department at the front desk for having a website unblocked.

## **PRIVACY**

Users of Library workstations are asked to use resources appropriately and respect the privacy of others using nearby workstations. Rawlins Municipal Library reserves the right to limit public access computer usage during peak times in order to accommodate the largest number of patrons possible. Rawlins Municipal Library utilizes the Cybrarian Time Management system to keep track of the time patrons are on the computer and manage wait times for computers.

## **PATRON RESPONSIBILITIES**

Patrons acknowledge that the content on the Internet is not managed or governed by any entity and therefore they may encounter materials that are inaccurate or that they consider offensive. Patrons recognize that their use of the Internet is conducted in a public place that is shared by many people. Patrons acknowledge that the library cannot protect the privacy of data that is transmitted to third parties via the Internet. Patrons shall comply with all federal, state, and local laws, as well as library policies regarding the Internet listed below:

- Library patrons accept full responsibility for the content of any library material accessed in or out of the library, including physical materials and online materials.
- Library patrons take full responsibility as the parent or guardian for minor children and the content of any library material accessed in or out of the library, including physical materials and online materials.
- Library patrons must abide by the Patron Code of Conduct while using public computers and the Internet. Any reports of online bullying or harassment of other people on the Internet will not be tolerated and the Patron Code of Conduct will be enforced.
- Library patrons may not use the library's Internet access to view, print, distribute, display, send or receive images, or graphics of material that violates laws relating to child pornography.
- Library patrons may not knowingly exhibit or display any material that is harmful to minors in its content or material that is obscene in any place of public accommodation where minors are or may be present, and where minors are able to view the material.
- Library patrons must adhere to all copyright laws and may not copy or distribute materials (e.g. with the use of file sharing software) without the permission of the owner. Patrons who do so may be subject to criminal and civil liability.
- Rawlins Municipal Library strictly prohibits the following: attempts to hack into the City of Pierre or Rawlins Municipal Library servers, attempts to access the dark web, and attempts to access illegal websites. Patrons are prohibited from destroying, altering, and interfering with the configuration of public access computers at Rawlins Municipal Library.
- Computer uses must follow time limits set at each public access computer. All patrons are limited to three hours per day.
- Any serious violation of the Computer and Internet Policy will result in a one month suspension from library computer privileges. If a second serious offense occurs, computer privileges will be revoked for three months. If a third serious offense occurs, computer privileges will be revoked

for six months. Four or more serious offenses will result in a long-term ban from the computers. The time frame of the long term ban will be determined by the Library Director.”

- Rawlins Municipal Library reserves the right to terminate a computer session should the computer use result in disruptive behavior that violates the Patron Code of Conduct or the Computer and Internet Policy. Violation of state and federal laws will be referred to the proper authorities for legal action.

#### **HOW PATRONS CAN ACCESS THE INTERNET AND COMPUTERS AT RAWLINS LIBRARY**

- Rawlins Municipal Library offers AWE computers in the children’s area that are safe for kids and offer educational games without Internet access. Any child is welcome to use an AWE computer.
- Youth ages 8 and younger are required to be with a parent, guardian, or caregiver in the library at all times. Youth ages 8 and younger are not eligible to use the Internet without a parent or guardian present (refer to Unattended Children’s Policy).
- Youth ages 9 through 17 are allowed to use the Internet with a Computer and Internet Agreement Form signed by a parent or guardian. A library staff member will assign a user name and password for the minor.
- Patrons ages 18 and older are also required to sign a Computer and Internet Agreement Form. All patrons will be assigned a user name and password.
- Guest visitors without a library card are able to use the library by obtaining a guess pass at the desk. Patrons requesting a guest pass will need to show a valid photo ID and sign the Computer and Internet Agreement Form.
- Computer and Internet Agreement Forms will be included with library card applications.
- If a person has received a “juvenile card without a parent or legal guardian” that they can then complete a computer and internet agreement form without a parent or guardians signature.

### **Confidentiality of Library Records Policy**

The State of South Dakota law recognizes confidentiality provisions and the confidentiality of information sought or received from library users, including a user's personally identifiable information. Materials subject to privacy and confidentiality restrictions include electronic data that is acquired by a library user. Additionally online search histories, database search records, integrated library system records or other circulation records, interlibrary loan records, and all other personally identifiable uses of library materials, facilities, programs or services are subject to privacy and confidentiality restrictions as established under South Dakota law. Rawlins Municipal Library formally adopts codified law 14-2-51. South Dakota codified law 14-2-51 states, "All public library records containing personally identifiable information are confidential. Any information contained in public library records may not be released except by court order or upon request of a parent of a child who is under eighteen years of age. As used in this section, "personally identifiable" means any information a library maintains that would identify a patron. Acts by library officers or employees in maintaining a check out system are not violations of this section."

## Emergency Response Policy

### Important Contacts

Call 911 to report any emergency.

### Non-Emergency:

Police Department

- 605-773-7410

Fire Department

- 605-773-7401

Mayor's Office

- 605-773-7407

### **Introduction and Purpose**

The City of Pierre is committed to the safety and well-being of its employees, customers and visitors. Upholding this commitment requires planning and practice. This plan exists to satisfy those needs and to outline the steps to be taken to prepare for and respond to an emergency or disaster affecting the City of Pierre.

### **Emergency Contact Directory**

Employees should follow the chain of command established for emergencies. Supervisor or Department Head need to immediately contact the following:

Name	Position	Phone
Steve Harding	Mayor	605-295-2356
Kristi Honeywell	City Administrator	605-280-2268
Laurie Gronlund	Human Resources Director	605-280-0407

### **Media Inquiries**

Inquiries from the media during or after an emergency will be addressed by the City Administrator or his/her designee. Under no circumstances should employees other than the City Administrator or his/her appointee discuss emergency or disaster situations affecting the City of Pierre with the media without prior permission from the City Administrator.

## **Building Evacuation**

### **Designated Safety Meeting Area: YMCA**

If an evacuation order is issued:

- Immediately exit the building in an orderly manner via the closest exit
- Do not take time to shut down computers, collect personal belongings, etc.
- In the event there is a fire or smoke near the exit closest to you, proceed to another exit
- Upon exiting the building, immediately proceed to the designated safe meeting area. Head counts will be taken to ensure that all employees are accounted for, so it is critical that employees report immediately to this designated area
- Employees should not return to the building or leave the premises unless instructed to do so by authorized personnel (i.e., fire personnel, management, etc.)
- Employees who are unable to evacuate should call 911 and report their location

## **Shelter in Place**

### **Designated Shelter in Place Areas: YMCA OR THE LIBRARY BASEMENT IF NOT ABLE TO LEAVE LIBRARY**

Shelter in Place is useful when evacuation is not an option, preferably in a room with no windows. It may be necessary to shelter in place following the intentional or accidental release of chemical, biological, or radiological contaminants into the environment or in the event of a hostile intruder in the building.

If Shelter in place procedures are initiated, if possible:

- Stop operations in the building
- If there are visitors in the building, provide for their safety by asking them to stay—not leave. When public safety officials provide directions to shelter in place, they want everyone to take those steps immediately
- Close all doors, windows, and other openings to the outside
- Select room(s) with the fewest windows and vents
- Remain calm and await further instructions

**DO NOT** leave the room until directed to do so by a public safety official.

## **Medical Emergency**

### **THE AED IS LOCATED BY THE COPIER**

If someone is injured or becomes ill:

- Stay Calm
- Dial **911** and explain the type of emergency, the location, condition, and number of victims
- Let the dispatcher know of any safety hazards (i.e., chemical spill, fire, fumes, etc.)
- Do not hang up unless told to do so by the dispatcher
- Do not move the victim unless there is danger of further injury if s/he is not moved
- Render first-aid or CPR only if you have been trained. AED should be used when available and appropriate
- Do not leave the injured person except to summon help
- Comfort the victim until emergency medical services arrive
- Have someone stand outside the building to flag down the ambulance when they reach the vicinity

## **Fire Response**

In the Event of a Fire:

- If equipped, activate the nearest fire alarm pull station
- Report the fire by dialing 911
- If it is safe to do so, contain the fire by closing all doors
- Evacuate to the Safe Meeting Area or extinguish (in most cases, it is best to evacuate)

Use a Fire Extinguisher only if:

- You have been trained and are comfortable using
- You have your back to an unobstructed exit and have a safe escape route
- The fire is contained, there is little smoke or flames and you have reported the fire by fire alarm or 911 activation
- The fire is small enough for an extinguisher to be effective
- The smoke and/or heat is NOT too intense to safely engage the fire from an effective distance

## **Threatening Individual**

A threatening individual is any person whom you determine to be a threat to you or those around you. The individual may have weapons or just make you suspicious because of their behavior. Trust your instincts and keep yourself safe by creating distance between you and the person(s).

- Stay calm and avoid conflict
- Call 911 whether the individual poses an immediate threat to you or not
- If possible, seek protection in an office or bathroom that locks and has phone access or leave the building immediately if it is safe to do so
- Be realistic about your ability to protect yourself

## **Active Shooter**

### **RUN IF POSSIBLE**

If you see someone with a firearm or hear gunshots- RUN:

- Have an escape route and plan in mind
- Evacuate whether or not others agree to follow
- Do not stop to gather personal belongings
- Warn others and help them if it is safe to do so
- Do not attempt to remove injured people (leave wounded victims where they are and notify authorities of their location as soon as possible)
- Move quickly, keep your hands up high and visible
- Never run in a straight line
- Follow the instructions of any Police Officers you may encounter
- When it is safe to do so, contact 911. E-mail or text may be used to convey any known information about the shooter:
  - Location of the incident (be as specific as possible)
  - Number of persons involved (if known)
  - Identification or description of shooter(s), including
    - Hair color and facial hair
    - Height, weight and build
    - Race and gender
    - Tattoos, piercings or scars

- Color of clothes, shoes or hat
- Number and type of weapons observed
- Number of shots fired and whether suspect is carrying ammunition

If you see someone with a firearm or hear gunshots – HIDE:

- Do not stop to gather personal belongings
- Get to a room with thick walls that can be locked; close and lock windows and doors
- Do NOT activate the fire alarm – an alarm would signal building occupants to evacuate, placing them in potential harm as they attempt to escape
- Turn off the lights
- Get everyone down on the floor (so that no one is visible from outside the room)
- Remain quiet, turning off any source of noise (i.e., radio) and silence all cell phones
- If possible, call 911. The Dispatcher will ask for the following information:
  - Your name
  - Location of the incident (be as specific as possible)
  - Number of persons involved (if known)
  - Identification or description of shooter(s), including
    - Hair color and facial hair
    - Height, weight and build
    - Race and gender
    - Tattoos, piercings or scars
    - Color of clothes, shoes or hat
  - Number and type of weapons observed
  - Number of shots fired and whether suspect is carrying ammunition
  - Vehicle description with license plate number
  - Last known location of suspect(s) and direction of travel
- Stay in place (calls from unfamiliar voices to come out may be the attacker attempting to lure you) until you are sure that they come from a Police Officer

If you see someone with a firearm or hear gunshots – FIGHT:

- This is a last resort to save your life - only you can decide if this is something you should do
- Act as aggressively as possible against the intruder
- Attempt to disrupt and/or incapacitate the intruder
- Improvise weapons and throw items at the intruder
- Yell
- Play dead (pretend to be unconscious)
- Commit to your actions...don't second guess your decision...your life may depend on it

What to expect from responding Police Officers:

Police officers responding to an active shooter are trained in a procedure called "Rapid Deployment" and proceed immediately to the area in which shots were last heard. Their purpose is to stop the shooting as quickly as possible. The first officers to arrive will not stop to aid injured people; rescue teams composed of other officers and emergency medical personnel will follow the first officers after areas have been secured to treat and remove injured persons. Understand that the police will be treating all those they encounter (including you) as possible suspects.

When you encounter the police:

- Remain calm

- Do as the officers tell you
- Put down any bags or packages you may be carrying
- Keep your hands up and visible at all times
- If you know where the hostile intruder/active shooter is, tell the officers
- Once out of harm's way remain at whatever assembly point authorities designate
- Keep in mind that the entire area is still a crime scene; do not leave until the situation is fully under control and all witnesses have been identified, interviewed and released

#### **Borrowers' Responsibilities**

- ILL materials should be picked up within seven (7) days of phone notification.

## Library Databases and Electronic Resources Policy

Library cardholders have access to a wide variety of electronic databases through the Rawlins Library website (<https://rawlinslibrary.org/>). The Library's website features links to the South Dakota State Library databases, Libby, and Universal Class. Cardholders are able to access all databases except Ancestry and ABC Mouse remotely. Ancestry and ABC Mouse are in library use only databases.

- To logon to any database, patrons will need to enter their library card number, without any spaces, as the username.
- Patrons will then need to enter their last name, all lower case without any spaces, as the password.

Currently Rawlins Library, in conjunction with the South Dakota State Library, offers over 70 databases to patrons. The databases offered are continually updated in order to offer the best educational information possible. Databases can be added or deleted based upon usage, cost, and educational value. All databases and electronic resources offered are free of charge to library patrons.

Staff training on databases is provided at least once per calendar year. Rawlins Municipal Library is able to offer staff database training through the South Dakota State Library. All new staff are trained on databases as part of the onboarding training.

If patrons need assistance using a database, they are encouraged to Book a Librarian for a one-on-one appointment. During the Book a Librarian session, a trained staff member will assist patrons with any questions they may have.

## Marketing/Public Relations Plan

Rawlins Municipal Library 2024, 2025, 2026

### Introduction

Rawlins Municipal Library has a rich history. Rawlins Municipal Library first began as the Pierre Carnegie Library in 1903 when the town received a grant from the Carnegie foundation. The Carnegie Library Building Fund distributed more than \$56 million dollars to libraries worldwide. Only 25 Carnegie libraries were established in South Dakota over a time frame of 16 years. The largest grant awarded in South Dakota went to Sioux Falls for \$30,000 and the smallest grant awarded went to Wessington Springs for \$7,000. Pierre received \$12,500 from the Carnegie foundation to start a library in Pierre. Pierre received the 8<sup>th</sup> highest amount awarded from the Carnegie foundation in South Dakota.

The Carnegie library thrived within the Pierre community for several years. The Carnegie library began to show signs of age, wear and tear, and was in need of modernization. In April of 1952, the Library Board presented a petition to the city commission for an election to approve a levy not to exceed two mills for a library building fund. On April 15, 1952, the voters unanimously approved the levy, and it went into effect for the budget of September that year.

The library continued to operate within the Carnegie library for another 20 years and the library became more and more overcrowded. In 1972 there was enough money in the library fund to begin construction of a new and more modern library. The total cost of the project was \$475,000 with \$185,000 being financed through bonds.

The library opened at its current location on Church Street on November 6, 1972. The library was renamed R.E. Rawlins Municipal Library in honor of R.E. Rawlins who served as the Superintendent of the Pierre School District from 1918 to 1948. The building was built with over 10,000 square feet and has a capacity for 50,000 books. The building was designed to have a view of Pierre and the capital. This view is something that patrons still enjoy today.

Library visitors and check-outs have continued to increase, and the library is still widely used today. Rawlins Municipal Library remains a vital library in the central South Dakota area and many people will drive for long distances to use the library. There is a clear need and a tradition of library support that is found among both local residents and leaders.

### Goals

- That Rawlins Municipal Library will continue to be a vital part of the community and local area to serve as a popular destination for learning and enjoyment.
- That all local residents and leaders be aware of the services available at Rawlins Municipal Library.
- That local leaders support the local library through budgetary needs.

### Objectives

- Rawlins Municipal Library will work with The City of Pierre, The City of Fort Pierre, Hughes County, and Stanley County to ensure that the library receives any and all funding available to support library services.

Rawlins Municipal Library will network with the South Dakota State Library when federal grant opportunities become available through the United States Federal Government that are dispersed to the states (i.e., South Dakota State Library).
- Rawlins Municipal Library will continue to apply for local grants and other grant opportunities that become available.
- Encourage all local residents to get a library card with a goal of half the population having library cards by the year 2026.
- The library will develop positive working relationships with three community groups by 2026. This is equivalent to one new connection per year of the marketing plan.

### **Evaluation**

Technology implementation is a continually evolving process that adapts to Rawlins Municipal Library’s changing technological needs. Effective evaluation is a multi-step process that allows staff, patrons, and the Rawlins Municipal Library Board of Trustees the ability to rethink, adapt, and realign priorities and strategies each year. The technology plan will be evaluated by patrons through a library survey that will be done annually to determine how successful the technology is and help determine if goals are being met. Technology training with staff will allow time for staff to provide input into technology and to provide feedback as to whether or not the technology is working appropriately for Rawlins Municipal Library. The technology plan will be evaluated annually by the Rawlins Municipal Library Board of Trustees both before and after the annual budget hearings.

## Test Proctoring Policy

Long distance learning programs provide opportunities for independent study on the condition that exams are proctored. In response to this need, Rawlins Municipal Library will serve as a test proctor in order to support lifelong learning in the Pierre community. It is the responsibility of the student and the institution requesting the proctoring of a test to verify that the guidelines and conditions presented at Rawlins Municipal Library are acceptable to the institution giving the test. Rawlins Municipal Library reserves the right to limit or deny this service if the proctoring request does not meet the test proctoring guidelines.

### Test Requirements

- Tests must be scheduled at least 48 hours ahead of time. Complete and clear instructions from the academic institution must be emailed to [rawlinslibrary@ci.pierre.sd.us](mailto:rawlinslibrary@ci.pierre.sd.us) within 24 hours of the test.
- If complete and clear testing instructions are not received via email at [rawlinslibrary@ci.pierre.sd.us](mailto:rawlinslibrary@ci.pierre.sd.us) from the testing institution within 24 hours of the test, the test will be cancelled.
- Rawlins Municipal Library reserves the right to cancel the exam for reasons such as technology malfunction, weather or staffing.

### Testing Fees

- Rawlins Municipal Library cardholders in good standing will be charged \$10 per test.
- Non-library card holders will be charged \$15 per test.
- The testing fee can be waived at the discretion of the Library Director.
- Testing fees include all postage, faxing, and scanning fees.

### Test Administration

- Exams will be proctored only at the availability of the Library staff.

- A valid Driver's License or photo ID must be submitted to staff for verification of identity, or the test cannot be proctored.
- While the Library can proctor most exams, it cannot proctor any online exams that require public access computer settings be modified.
- The Library is not responsible for completed examinations which have gone astray due to postal delays, fax problems, etc.
- The Library will keep no copies of completed examinations.
- Untaken exams left in the care of the Library for over one month will be discarded.

- Test proctoring is available during regular library hours.

## Unattended Children's Policy

### Purpose

Rawlins Municipal Library welcomes and encourages young visitors. Staff members are happy to assist children and families. However, the library is not able to provide short- or long-term childcare or be responsible for unattended children in the library. Children may be able to occupy their time for a short while, but when left unattended for any length of time it is easy for children to become bored, restless, and disruptive. The safety of children left alone in the library is a serious concern for staff members. It is the responsibility of parents, guardians or caregivers to keep children safe while in the library. It is not the library's intention to seek out unattended children, but rather to have a prepared response for when the when an issue presents itself.

### Definitions

“Child”—For the purposes of this policy, a “child” and “children” are referred to as a child aged 8 and younger in the library. “Caregiver”—For the purposes of this policy, a “caregiver” is someone 14 years or older who is capable of watching a child or children in the library. “Parent or Guardian”—For the purposes of this policy, a “parent” or “guardian” is the legal custodian who is responsible for children in the library.

“Unattended children”—For the purposes of this policy, “unattended children” is defined as a child under the age of 8 years old left alone in the library that is not within physical reach of a parent, guardian, or caregiver.

### Policy

1. Children aged 8 and younger: A parent, guardian, caregiver must accompany and remain within close proximity of the child at all times and must be able to provide emergency contact information for the child.
2. When staff observe a child under the age of 8 alone in the library, the primary goal is to ensure the safety of the child. Library staff will attempt to locate the parent, guardian, or caregiver and explain to them the Unattended Children Policy. If library staff are unsuccessful in locating the parents or guardian in the library, staff will attempt to call them by phone. If unable to locate the responsible parent, guardian, or caregiver the police will be called to assist the child.
3. Children ages 9 and older: Children nine and older may be in the library without a parent, guardian, or caregiver but the child must abide by the Patron Code of Conduct Policy and Minor Computer Agreement.
4. Plans must be made for unattended children in the building at closing time. Thirty minutes before closing time, library staff will let children know they need to call or a ride home. Library staff are encouraged to help children use the phone to call for a ride. No child is allowed to wait outside after closing time for a ride alone. A minimum of two staff are required to wait with the child in the library foyer of the library for a ride. Library staff are not permitted to give any patron

a ride home from the library. If a parent or guardian does not pick up a child within 15 minutes of closing time, library staff are to contact the police and continue to wait with the child in the foyer until the police come to pick up the unattended child. Under no circumstances will children be allowed to wait outside for a ride.
